- powerful bookmarks managing features
- add-ons: Make Firefox your own !
- keyboard shortcuts

Who should attend

Those who frequently search for information on the Web, or who are interested in modern web tools that ease and speed up access to information.

Training format

Usually delivered in a lunch Session format over 45 minutes for 20 attendees.

We can also adapt it to a workshop format or as an optional module for a training day.

About the training

This training has been developed by Belgium based Whatever sa/nv, experts in web searching and productivity. Applied Trends are the exclusive UK representatives for this training.
